CAFFEE RANCH

cattle with look

75 HEAD OF RANCH RAISED - MATERNAL GENETICS

AI SIRE QUALITY & CALVING EASE SIRES. MAINE, ANGUS+ & SIMMENTAL.

Welcome Fellow Cattlemen—

It is with great pleasure we welcome you to our 13th Annual Bull Sale. 2024 and the start of 2025 have been a blessing with a phenomenal feeder cattle market and record-setting cattle sales nationwide.

Indeed, it is an optimal time to be in the cow-calf industry. With the current market upswing, it is an optimal time to review future goals and fine-tune marketing plans. We have always found it rewarding to hear how our genetics have impacted our customer's programs. New potential buyers, we welcome you to experience the Dakota Difference.

As always, the focus at Caffee Ranch is on creating cattle with a look that we believe adds value to developing the ideal functional animal. In our opinion, the strategic crossbreeding decisions we strive to make combine hybrid vigor with the ideal traits from different breeds, resulting in a high-quality product designed to work in any operation.

We take pride in our robust cow base, offering diverse and exceptional opportunities for all breeders. These cows are proven and possess genetics capable of receiving a

handshake at the most prestigious shows, and remain productive, raising replacement heifers and bulls suitable for various farms, and in some of the harshest climates.

This year's bull offering is the low percent bulls we have always been noted and trusted for, but we up'd the ante by adding more high-percentage/purebred bulls. As always the bulls are backed by performance, cow power, and functionality that complement countless cow herds. The extra look and maternal value created by turning a CR bull out on your pasture is undeniable.

Staying on the forefront, we used new bulls from the most prestigious breeders in the industry. In this evolving industry, staying current for our customers is a priority. The enthusiasm for the Maine-Anjou breed is as high as it's ever been, and we are adding to that more Maine-influenced bulls than we ever have before.

It would be our pleasure for you to join us online Tuesday evening March 11, at CCI.Live where we will offer our largest selection of bulls to date.

Regards,

Lacey Caffee

Thank you for your interest in our program, we strive hard day in and day out to build genetics that will work not only for us, but for our customers. Any questions on the offering, please be sure to contact one of the sale representatives.

TERMS & CONDITIONS

Cattle sell per the terms & conditions of the Caffee Ranch. Announcements from the Auction Block on Sale Day regarding the cattle selling in this sale will take precedence over the information printed in this catalog.

No cattle will be loaded until paid for. Terms are cash, check with proper ID (i.e. Driver's license), wire transfer or Master Card/Visa will be accepted with a 3% fee. For example, if you are the successful bidder at \$1,000 and you charge your purchase using your credit card. Your credit card statement will show a payment of \$1,030.

This auction is a live online auction, via bid online at CCI.LIVE. If you can't see the cattle, contact one of the owners, or consultants for information about the offering.

Please note that our sale will start on time and will move quickly, so be prepared to make your bids promptly. If you need help with CCI.LIVE please call 405-400-9505.

RISK

All animals are the owner's risk prior to their sale and become the property of the purchaser as soon as declared "sold" by the auctioneer (but will be cared for at the purchaser's risk for a reasonable length of time).

PAYMENT

Terms of payment are cash, good check or credit card. No cattle will be loaded until approved by Caffee Ranch. Please make payment immediately after the sale, any bills past 30 days will be subject to a 3% service charge. Cattle must be paid for before they leave.

FREE NATION-WIDE TRUCKING

We offer free trucking to central points in the continental United States. Caffee Ranch will contact the buyer prior to delivery to determine a central location. We ask buyers to please be willing to travel to central drop points and meet trucks at sale barns along central routes. Drop points need to be consolidated to make delivery feasible and avoid cattle in transit too long. Trucking arrangements will begin a week after the sale, cattle not paid for will not go on the coordinating truck, and are subject to paying for the trucking on the next ride.

- Cattle must be paid for before they leave

INSURANCE

Amy Puepke - 605.770.4414

HEALTH

All cattle will be accompanied by proper health certificates for shipment and have had a complete vaccination program.

BREEDING GUARANTEE

All bulls will be semen checked, and passed by our certified vet before leaving Caffee Ranch. The sale offering is guaranteed to be fertile and reproductively sound in accordance with the terms and conditions as recommended by the American Maine-Anjou Association and American Simmental Association. This guarantee does not cover injury or death. In the event of a problem, the buyer is responsible to return the animal to Caffee Ranch and if it does not respond as a satisfactory breeder, will have the option to select a suitable replacement, if available, or take a sale credit. Any potential claim needs to be made by September 1st of the year of purchase. No cash will be given back.

RETAINED INTEREST

Caffee Ranch will retain the right to utilize semen in herd on any lot in this sale, unless specified different on the lot. The interest retained will not affect your use or schedule. Sale day announcements from the auction block will take precedence.

BW. 81 LBS | ADJ WW. 844 LBS | BREED. 3/8 MA 5/8 AN | REG. 560632

This bull blends a commanding phenotype with a rock-solid, predictable pedigree. He's built with exceptional length and smoothness. My favorite asset? The athleticism of his stride, which is confident that he makes look easy. Full Force is packed with thickness from end to end, carrying an extra spark that makes him stand out in any lineup. We would expect him to sire calves that any progressive cattleman can respect and this industry demands.

E21 | MATERNAL BROTHER TO LOT 4

Justin Mogck purchased an E21-sired heifer bull last year, and this cow family continues to impress. Our Rough Rider cows constantly add growth, power, and performance to their progeny, making them a reliable foundation for producing high-performing cattle. E21 carries on that tradition, delivering the kind of genetics that drive real results.

This Maternal Made son is the complete package—polled, PHA-free, and TH-free. He’s built with power, balance, and structural integrity, combining depth, muscle, and eye appeal. An awesome-made bull with the genetics to make a real impact in any program.

G43 is Dave's favorite Maternal Made son, and for good reason. He's backed by a deep, consistent cow family that continues to produce the right kind. We have two notable New Game daughters in the herd, both with bulls in this sale—Lot 30 being the other. We also sold D58 in the Drought Dispersal cow sale, further proving the strength of this maternal lineage. New Game himself is an underrated Angus sire from Griswold's that consistently sires cattle with power, balance, and longevity.

DAM D37 BISMARCK SON X B37 PROWLER X Y37 TOTAL RECALL

BW. 89 LBS ADJ WW. 769 LBS BREED. 1/4 MA 3/4 AN REG. P560864

D37 is a bull, with a pedigree that speaks volumes. His full brother sold as Lot 1 for \$8,500 in 2022, and his full sister brought \$33,000 at The Classic for Griswold Cattle Company this year. With such a strong family of success, D37 carries the same potential for performance, quality, and market appeal, making him a top-tier addition to any herd.

Ooh La La

was raised right here, and her legacy began the moment she was sold in our fall pasture sale to Lacey, who bought her from Dave. From that moment on, Ooh La La set the stage to create her own legacy in the industry. She wasted no time doing just that, dominating the show ring and earning the title of Reserve Show Heifer of the Year. With impressive wins at the American Royal and the North American, she cemented her place among the elite.

That first calf she had, Chanel, carried on her mother's excellence. Chanel's influence can be seen in lots 17, 73, and 74 in this sale. To date, Chanel has sold and raised progeny totaling over \$200,000, proving her worth as one of the best in the business.

Ooh La La's next calf, Dirty Dancing, has continued the winning tradition. You'll find her in lots 16, 18, 79, and 80 in this sale—proving she's Ooh La La's worthy replacement. Dirty Dancing herself has already surpassed \$225,000 in sales, and she continues to raise her own calves every year. She's a no-miss donor, and to top it off,

she's produced one of the most unique bulls we've ever offered.

To further expand Ooh La La's impact, we flushed her to HIA, selling one heifer and keeping the other. The one we kept, Wonder Woman, is making waves in the donor pen. With lots 19 and 78 in this sale, Wonder Woman is a triple clean Maine cow who has just started her donor career, and lot 19 is her natural calf this year.

We also have three SAV Net Worth x Ooh La La daughters in the herd that calved for the first time this year, and we are eagerly awaiting to see what they have to offer. These females represent the continuation of Ooh La La's legacy and the next generation of greatness.

Ooh La La has left an indelible mark on our program, and the next four lots in this sale alone are proof of the lasting impact she has made. From show ring success to a legacy of exceptional progeny, Ooh La La has truly delivered the best legacy we could ask for.

LOT

DAM DIRTY DANCING X OOH LA LA X MAVERICK

BW. 86 LBS ADJ WW. 755 LBS BREED. 3/4 MA 1/4 AN REG. 560630

Red Kingdom is an obvious highlight One For All son with exceptional depth, power, and presence. This red bull combines performance and eye appeal, backed by a proven pedigree that consistently delivers. His maternal brother brought \$9,250 and sold to Jeff Lynch, and his full brother for \$8,000. We talk time and time again about proven cow families, this is no different. He's been turning heads since day one and has always had that undeniable herd bull presence. Backed by two of the most powerful donors of the CR, "Red Kingdom" is built to make an impact—whether it's producing great females, stout herd sires, or knockout show cattle. Red Maine lovers take note—this bull is the total package. Embryos sell as Lot 79 and 80. **Retaining 1/3 Semen interest no possession.**

HIGHLINER**

BW. 83 LBS ADJ WW. 718 LBS BREED. 1/2 MA 1/2 AN REG. P560850

F40 was the first Made Man born last spring, and we knew right away we had something special. We were excited for the rest of the calves to be born, and boy, we did not get let down. He's the complete package and just keeps getting better. The F40 cow always has one to keep or sell in our sales, and this bull is no exception. He's a great one to retain all the females out of. His great-grand dam, Y18, produced a County O heifer in our fall sale that sold to Kevin Rath for \$10,500. A maternal brother went to Arnie Swanson in 2022.

B22 | GRAND DAM TO LOT 30

Dave and I have had numerous conversations after chores about this bull—he's the kind we dream of making. From pedigree to phenotype to performance, this bull brings it all together. Bulls like this don't just happen. His dam, an Angus cow, has never missed yet, and with the added Maine punch, she continues to produce standout offspring. This bull represents the perfect combination of everything you need for a high-performing, impressive herd sire.

DAM J31 SAV PRESIDENT X F32 NET WORTH SON X C32 SAV BISMARCK

BW. 94 LBS ADJ WW. 956 LBS BREED. 1/2 SM 1/2 AN REG. 4489929

If Kelly Schaff ever bred to Simmental, this is what those calves would look like! The performance on this Bankroll son is unmatched, combining growth, muscle, and power in a way that is sure to elevate any program. He's built to add pounds and improve the bottom line, making him a standout option for anyone looking to take their herd to the next level.

DAM E30 SAV BISMARCK X C25 SAV NET WORTH X Y38 MAVERICK

BW. 88 LBS ADJ WW. 805 LBS BREED. 1/2 SM 1/2 AN REG. 4489930

E30 comes from a proven, productive cow that consistently delivers quality. She has already produced three full brothers that sold in past sales, including one for \$7,000 to Ryan Gerot. Additionally, she has a daughter retained in the herd and another that sold in the fall sale, both have strong maternal traits and excellent udder quality. This bull is long-bodied, rugged, and built to perform—offering plenty of growth and the structural integrity needed to make an impact in any program.

F13 is the bull that sold a full brother to California, for \$7,750, in 2023. This mating consistently produces outstanding replacement females and adds valuable pounds to the steers. With a strong blend of maternal qualities and performance, F13 is an excellent choice for improving herd productivity and marketability.

DAM F09 BROKER X 76M MOSSY OAK X MOST WANTED

BW. 87 LBS | ADJ WW. 807 LBS | BREED. 3/4 SM | REG. 4489932

Out of the powerful F09 donor, this bull brings all the traits we value in a herd sire. F09, by the great 76M cow purchased by Lacey from The Dakota Classic, has consistently produced top-quality offspring, including two other bulls in our bull sale and a full sister that sold high in our Fall Sale. He carries on that legacy, offering power, performance, and an unmatched pedigree—truly a no-miss option for improving any herd.

F60 was purchased from Justin Mogck as a bred heifer and has since proven herself as a valuable addition to our herd. She has two daughters here and a Good Times heifer last year that sold for \$12,500 in our fall sale. F60 brings an exceptional look and profile, with the kind of eye appeal and structure we strive for. Her first daughter, J60, is off to a strong start with an impressive young herd sire prospect sired by our herd sire, New Money. This cow family continues to make an impact, both in maternal and carcass characteristics.

IMPROVEMENT SON

BW. 79 LBS ADJ WW. 692 LBS BREED. 1/4 SM 3/8 AN 1/8 MA

J28 is a standout son of New Money, and these calves constantly come small at birth but really perform while they age. We've had great success using New Money on our second calvers, and J28 is no exception. He combines calving ease with the potential for strong growth, making him an excellent choice for improving both birth weights and performance in your herd.

DAM **S33 NORTHERN IMPROVEMENT X 6807 X CHILL FACTOR**

BW. 90 LBS | ADJ WW. 857 LBS | BREED. 1/2 SM 1/2 AN | REG. 4489935

This bull has stood out for his exceptional growth and power right from the start. Following weaning, he quickly emerged as a clear outlier within the group. His influence will undeniably enhance growth and performance genetics within any operation that is looking to add weight and size. With a Broker x S33 pedigree, this bull has the potential to produce outstanding calves, and don't be afraid to keep the daughters—they'll be top-tier producers in your herd.

DAM **D01 ONE EYE JACK X W41 DIRTY HAIRY X S33 NORTHERN IMPROVEMENT**

BW. 85 LBS | ADJ WW. 829 LBS | BREED. 3/4 SM | REG. 4489936

This $\frac{3}{4}$ Simmental bull is all about power and growth, backed by an exceptional cow family. His dam, LCPR Dream Jack D01, was more than just a show heifer—she was the first truly bred-and-owned cow in the herd, and she's lived up to her name. Though she was "too stout" to win at the state fair, she proved to be an elite producer, raising \$7,000 and \$13,000 SAM heifers, along with retained daughters who continue to build the program. Even more impressive, she traces back to S33, a cow that has produced over \$550,000 in her lifetime. Stout, big-boned, smooth-moving, and elegant—this bull carries the kind of genetics that turn into legacy sires.

Note - He has two small white socks below his dewclaws on his back feet, while his front feet and legs are solid black.

Functionality & Elite

BW. 92 LBS | ADJ WW. 983 LBS | BREED. 1/2 SM 3/8 AN 1/8 MA | REG. 4489937

Take note of the renowned Chanel on his maternal side, a cow who consistently strengthens her legacy with each calf crop. She embodies the ideal combination of functionality and elite appearance, bridging the gap between cattle with top-tier performance and exceptional phenotype. Her influence ensures that this bull carries both the muscle and style necessary to make a lasting impact. This Broker son is a powerhouse with exceptional growth and muscle.

Here, you will find a pedigree with two powerhouses, Chanel and Maternal Made. The added style of Chanel, with the consistency and power of Maternal Made, tops it off with the Simmental, which adds length. This bull is built to add depth, power, and maternal value to any herd. His genetic foundation is rock solid. Don't forget, Chanel stems from Ooh La la!

This cow is anything but ordinary—she milks, is a great mother, and raises maternal bulls that come with power. She’s been knocking it out of the park since being purchased from Justin Mogck, producing a County O heifer sold in our 2022 fall pasture sale and a full brother we kept to service our cows last year. Originally, a Business Done Right x Heatwave cow wouldn’t be on our radar, but when I saw the G07 pedigree and realized the Heatwave was “Chloe,” I knew she was special. Chloe and I went head-to-head for Supreme and Reserve Supreme all year, and I had to have her. Breeding them a little differently is our specialty, and crossing this clubby cow with maternal genetics has been a perfect fit. These bulls have the presence of a lion and the soundness of a cat, making them front-pasture kind of bulls with genetics to match. Even though they’re twins, they’re good ones! Don’t worry, she’s bred back the same way!
